

# AxeTable

INSPIRED SIMPLICITY FOR DAILY USE

**The Axe Table** - inspired by the humble axe handle, Poul Henningsen has utilized this familiar and tactile shape to provide the basis for the legs of this versatile table.

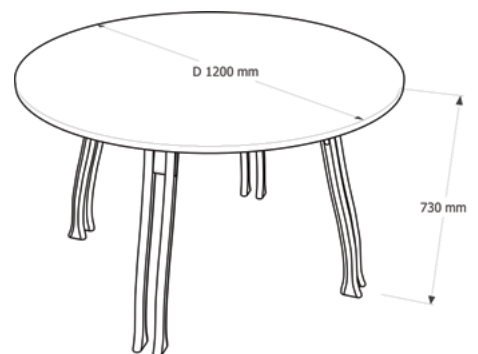

**The Axe Table** stays true to the fundamental values that drove its designer: it is a table that has multiple functions within its environment - as an occasion table, a table to sit at, a table for display and for meetings, a table for work and always for daily use.

**The Axe Table** is available with a removable wood cover in the middle of the table top. Upon removing the wood cover, PH 3 1/2 - 2 1/2 Table Lamp in a special construction with cable outlet below the frame can be installed and plugged in to the pre-installed cable that is hidden in to one of the table legs.

## Finishing:

Table Top	 natural oak	 Royal white laminate	 black oak	 Royal white laminate	 walnut	 Royal white laminate	 Royal white laminate
	+	+	+	+	+	+	+
Legs	 natural oak	 natural oak	 black oak	 black oak	 walnut	 walnut	 white ash
